Consequently, if any damage occurs that is covered by both the Supplier's liability insurance and Cepsa's insurance covering material damages and loss of profit, the Supplier's insurance shall act as primary insurance and Cepsa's insurance shall cover the excess, where the excess will start to apply from the first Euro of the damage.

General Terms and Conditions for the Provision of Services to the Cepsa Group

Cepsa may deny access to Cepsa facilities by the personnel of the Supplier or its subcontractors, if the Supplier has failed to properly certify the existence and validity of the insurance required by this clause; this situation may under no circumstances be invoked as a cause of delay in the provision of services or increased costs of the works.

19. ASSIGNMENT AND SUBCONTRACTING

The Supplier shall not subcontract, assign or transfer, in whole or in part, the Order or Contract, or any of the rights and obligations acquired under this agreement without the prior written approval of Cepsa. The Supplier undertakes to follow, and to ensure that its suppliers and subcontractors follow the Code of Ethics for Suppliers to the CEPSA Group, which is available on Cepsa's website:

<http://www.cepsa.com/matchURL/matchUrl.jsp?url=code-conduct-suppliers>

A "Conflict of Interest" is considered any situation in which the interests or personal circumstances of an employee, executive or director of the Supplier may interfere in the interests of the company, so that its independence or impartiality is compromised or questioned.

The Supplier must identify any situation that could raise a conflict of interest and communicate it immediately to the Cepsa Ethics and Compliance Office using the following email address: canaletica@cepsa.com, who will proceed with its assessment. If Cepsa considers that a conflict of interest situation is actually taking place, it may request the Supplier to adopt all the necessary measures to put an end to it, and may, if it considers it appropriate, proceed to terminate the contract for that reason.

21. PENALTIES

21.1 General considerations on penalties

The penalties will be deducted from the payment of unpaid bills or the established guarantee, if any.

Penalties will be fully compatible with compensation for loss and damages that Cepsa could claim from the SUPPLIER for professional liability arising from other causes.

The amount of the penalties set as proposed in this clause, once due and payable, can be set off against any other credits that exist in favor of the Supplier.

Cepsa reserves the right to execute services the Supplier has performed defectively by any means and pass on the costs to the Supplier.

Under no circumstances shall the aggregate amount of the penalties exceed ten percent (10%) of the total price. Once the penalty limit has been reached, Cepsa shall be entitled to cancel the Order and/or terminate the Contract.

21.2 Penalties for delays in performing the services

If the services are not performed before the execution deadline, a penalty of 0.5% of the total amount of the services not executed by the deadline shall be applied for each week, or fraction of a week, of delay with a maximum of 10% of the Order or Contract total.

Under no circumstances may the accumulation of penalties for delay exceed 10% of the price indicated in the Order or Contract, therefore, once that limit has been reached, Cepsa may cancel the Order and/or terminate the Contract or pass on the costs of executing these services to the Supplier.

General Terms and Conditions for the Provision of Services to the Cepsa Group

If the Supplier breaches this guarantee, he shall be obliged, without limit and at its own expense, to correct the defective services. Cepsa reserves the right to execute services the Supplier has performed defectively by any means and pass on the costs to the Supplier.

The cases of "non-compliance" must be communicated in writing to the Supplier by Cepsa and must always be reasoned.

21.4 Penalties for non-compliance with the Health and Safety requirements

The non-compliance with the Health and Safety requirements, or a "non-conformity" in H&S issues will result in penalties to the Supplier by Cepsa.
